Synchronized Pressure Laminate

Finish: **Moon | Glossy**

Dimension: 140 x 420 cm

A friendly color with strong character, in which the play of gradients merges with the background of the neutral and deep color.

Gray details on a textured background with short veins give the color depth.

Maximum Resistance to Fire and Heat

SPL has a very good resistance to high temperatures without affecting its aesthetics or its properties.

hot utensils, appliances, pots and can be placed directly on the surface without any danger or harm.

Stain-Resistant

Because of its virtually zero porosity, the new surface SPL is highly resistant to everyday domestic stains and chemical agents.

Even the most stubborn stains such as tea, coffee, ink and rust can be easily cleaned. Splashes and drops of everyday cleaning products such as bleach or degreasing oven cleaners do not cause any harm to the material.

Scratch-Resistant

SPL is a surface that is virtually impossible to scratch. household utensils and other sharp objects do not scratch the material.

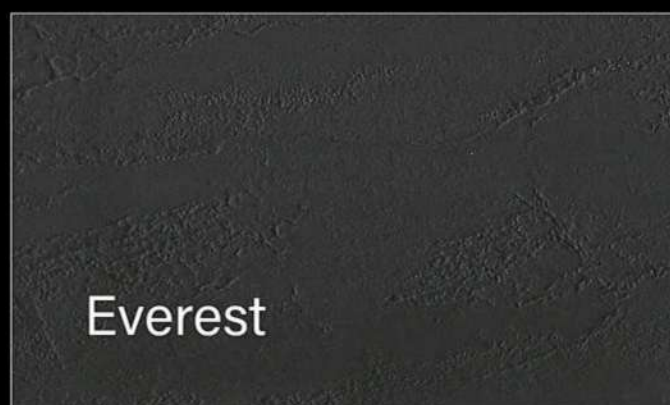

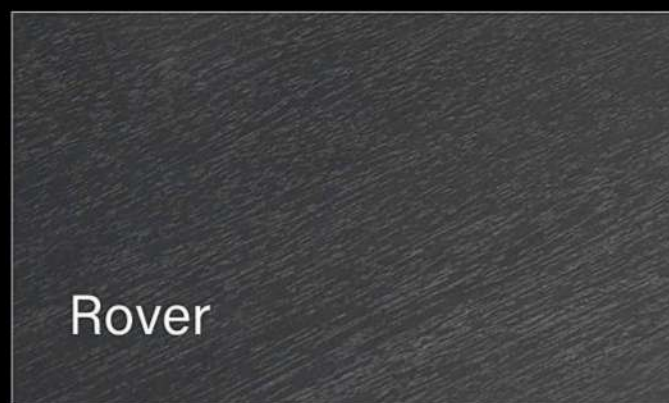

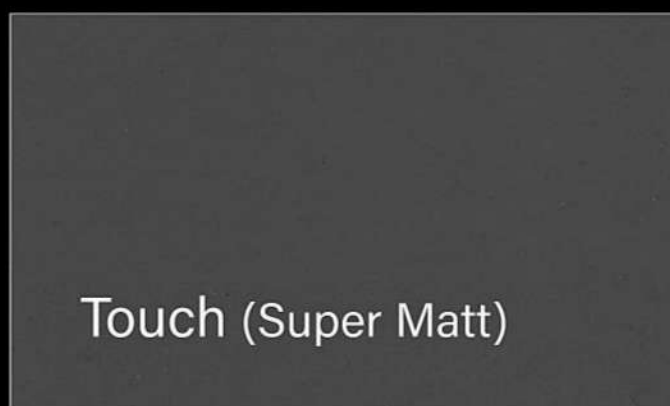

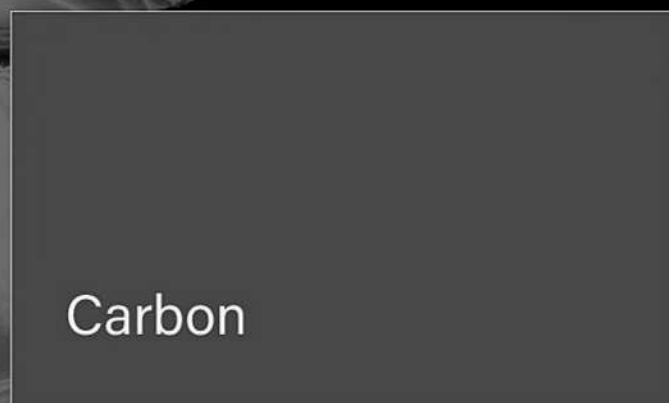

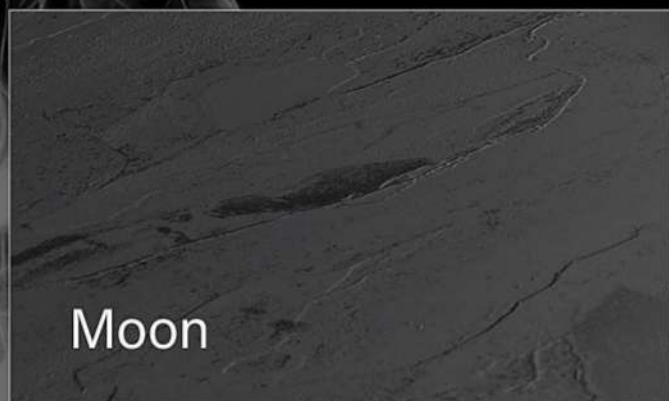

However, we recommended the use of cutting boards to prevent blunting any household utensils.

SPL ADVANTAGES

SPL Finishes

Finish: MOON

A finish that transforms the pristine appearance of a natural stone into a laminate surface.

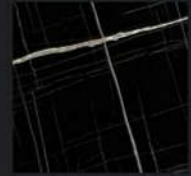

Perfect choice for contemporary kitchen tops.

Finish: GLOSSY

With a gloss level of 112-115 at an angle of 60 degrees, Glossy is a highly reflective surface. When applied together along with MAR (Micro Abrasive Resistant), Glossy becomes highly resistant to micro scratches. Glossy finish can be easily postformed and available in all designs and decors.

Finish: CARBON

A distinctive surface treatment on Carbons decorative layer gives a silky and smooth tactile user experience. Its high resistance to micro-scratches and abrasion helps avoiding surface distortions and gives a lasting impression. In the event of a light scratch, the surface can be cleaned with a soft cloth to get it back to its original form. Carbon is extremely matt and near to zero gloss with intensive light absorbance and homogeneous color dispersion.
